Group discussion and Debating

S U M M A R Y

As the tech person and also softwere intern having bigger plans of my passion which i have waiting for the right environment.Following the strict word as" set it and get it" is my word of my thought. So for taking the decision there can be some of the hrudles and many more obsticals are the risk taking factor ,these factor are the good on the best shoulder as i can handel these problem . By the parallel track maintain continuous comliance by staYing informed of office regulation and legislation.

ACHIEVEMENTS & PROJECTS

codchef:

satisfactory rating of 1450 at codchef which is equivalent to 2 start examplery perforamnce in breakthrough the problems generated
